REPRESENTING

Dr. J. Fraser Barbrick and Prof. Wm. Fletcher Hall, F. Sc. S.
Boston's most celebrated Specialist. The Marvellous Magnetic Healer and Lecturer

WILL BE IN

BENNINGTON, VERMONT

AND HAVE OFFICES

AT THE PUTNAM HOUSE,

FOR ONE WEEK ONLY

Beginning MONDAY, April 6th, to and including SATURDAY, April 11th.

FREE FOR THIS VISIT

To introduce this system of healing, to become quickly acquainted with the sick and to attract public attention to the wonderful power of magnetism in alleviating pain and curing disease, such things are true. The barbers, untrained and uneducated, and the old methods used by the ordinary practitioner are all done away with. The treatment is at once scientific, sensible and progressive, safe in its application and positive in its results. Although they treat all forms of chronic, long-standing, obscure and difficult cases and cure many so-called incurable cases they wish it thoroughly understood that if after a careful examination of your case they are in doubt as to the incurability of it, they will frankly tell you, and they reserve the right to reject any or all cases.

ABSOLUTELY FREE OF ALL CHARGES

The marvelous cures made by Dr. Barbrick and Prof. Hall have attracted the attention of thousands of people in every walk of life and given to the sick and suffering new life and hope. That the deaf are made to hear, the blind to see and the lame to walk, that the slightest tumor is made to waste away and the fatal cancer cleansed and dried up simply by a touch of the hand and the application of their trident at points beyond belief, but such are the claims made by those who have been treated by them, and you are given the chance to test for yourself whether such things are true. The barbers, untrained and uneducated, and the old methods used by the ordinary practitioner are all done away with. The treatment is at once scientific, sensible and progressive, safe in its application and positive in its results. Although they treat all forms of chronic, long-standing, obscure and difficult cases and cure many so-called incurable cases they wish it thoroughly understood that if after a careful examination of your case they are in doubt as to the incurability of it, they will frankly tell you, and they reserve the right to reject any or all cases.

No person should defer for any further or take any more medicine before consulting them.

SUITS WORTH \$12

Credit dealers lose about ten per cent by bad debts. That means about one suit in ten is never paid for, one suit in ten is equal to a loss of \$1 on each \$10 suit.

Credit dealers are seldom cash buyers and so do not save the discounts which manufacturers allow cash buyers.

We are cash buyers and cash sellers, we have no losses, and are big gainers in our cash **FOR** method of buying. These are the reasons we can sell \$12 suits for \$10 and \$15 suits for \$12.

Don't blame credit dealers because their prices are high, as their prices must be high in order to offset their losses by bad debts. **\$10**

SUITS WORTH \$15

We have received a beautiful lot of worsted suits in quiet, rich medium and dark colorings which were made to sell for \$15. Our cash method allows us to price them at \$12. They are absolutely pure worsted, not a fibre of cotton or

shoddy enters into them. But you think how are you to know they are pure worsted. We'll tell **FOR** you how to prove it to **FOR** your own satisfaction if you care to have us. Here is an offering which if genuine is unusual. And it is genuine as you will readily discover if you will examine the **\$12** suits closely.

A SPECIAL IN KNEE PANTS

A few months ago we bought four hundred short lengths of cloth from a prominent manufacturer, mill ends he called them. The price was a mere trifle. We have had them made up in our own way every seam being taped, buttons are put on to stay and they are cut in good full sizes. All those of wool material we have priced at 75c although there is not one worth less than \$1, many are worth \$1.25. Remember the price is **75c**

About one hundred and fifty pair are pure worsted and these we have priced \$1.00, although they are worth no less than \$1.50 many indeed are worth \$2.00, \$2.50 and \$3.00, but they all cost us the same price so we give you the benefit of our immense savings. There are scarcely two pair alike in color but the saving is so great we hardly think you will mind this. While they last the price will be **\$1.00**

Tailor Suits THAT STAY FITTED

You've had tailor suits maybe that apparently fitted when you got them but didn't stay fitted. Why? Just simply because they didn't have the right kind of work inside. All our custom suits stay fitted, we guarantee this and well we may for Cole's Patent Front compels a coat to keep its shape. No flopping out of shape in front as many coats are inclined to do. We make first-class custom suits for **\$20**

THE NEW HAT

Have you seen it? Wide of brim, low in crown and so constructed that you may wear it four different ways. Three colors, black, pearl and the new brown called "nutria." Price **\$2.00**

The Style of the NEW SHIRTS

The new shirts are quiet, very quiet, being mostly white grounds relieved with small figures or stripes in red, blue, or black colorings. Of course some are gay but the majority are quiet and extremely stylish.

\$1.00 and \$1.50

There are a few plain blue flannels left which we offer at 75c although their value is \$1.00. Of course being flannel they would be pretty hot for summer but flannels may come in again next winter, when you would have made a great saving, anyway you're welcome to these at 75c.
